

PENAUDIO ALBA

Type: 2-way floorstander, reflex loaded

Drive units: Seas Excel 25mm textiledome tweeter, ferrofluid, two chambers, silver voice coil, Seas 176mm special treated paper cone midrange/bass, large magnet system, 39mm aluminium voice coil

Cross-over: 4000Hz

Cross-over slopes: acoustical 3.order

Frequency range: anechoic response +-3dB 35-30000Hz, in room 30-25000Hz

Phase shift: +-15 degrees at 100-20000Hz

Sensitivity: 87dB/1m/2,83V

Nominal impedance: 8 ohms

Recommended amplifier: +30W

Dimesions: 110x18x37 cm (HxWxD)

Weight: 23kg

Extra: WBT connectors, air-core inductors, alpha-cores foil coil in tweeters cross over, polypropylene capacitors, Goertz MI1 wiring
